

St Philipâ??s Broadview celebrates 100 years

St Philipâ??s celebrated its Centenary Patronal Festival with a special service led by Archbishop Brad Billings, giving thanks for one hundred years of faithful worship, witness, and service to the parish and wider community. The service brought together all three congregations of the parish in a joyful act of thanksgiving and celebration.

The occasion was made even more special by the confirmation of two members, who publicly affirmed their faith and were welcomed into the full life and ministry of the Church.

Archbishop Brad Billings blesses the loaves and fishes at the beginning of the service, symbols of St Philipâ??s that recall the Gospel story of hospitality, generosity, and Godâ??s abundant provision.

A special moment in the Confirmation service as Archbishop Brad Billings prays for Shane and Angeline.

St Philipâ??s Church Broadview began with the building of a â??mission hallâ?? in 1926 and by 1939, what is now the transepts was built.

The â??mission hallâ?? was converted to the present church building and by 1960 the church hall was also constructed, reflecting the growth of the churchâ??s connections within the local community.
